

An international best-selling author, Online Engagement Strategist and avid real estate investor, Wendy Chamberlain combines her 20+ years in the IT industry (Wendy holds a Computing Degree) with her love of all things real estate.

Having thrown in her high-powered, six figure job with its \$45 million budgets and gut wrenching stress, Wendy created a real estate education website showing enthusiastic would-be property owners how to get started in real estate.

An avid real estate investor, Wendy has bought and sold many properties in her own portfolio over the past 20 years using various investment strategies. Social Property Selling is the realisation of two passions – real estate and computers – and she brings to the table her considerable experience and expertise in both arenas.
